Last year...

- Participants from 37 countries
- >2000 views of presentations

Science & Society is an online conference that provides scholars worldwide an opportunity to present their research and network with a broad scientific audience. Presenters and attendees simply connect to the live broadcast conference using links that will be distributed to all registered participants prior to the conference date.

Interested undergraduate and graduate students, as well as health professional trainees, are invited to submit Abstracts related to the topics below for either oral or poster presentation. Topics span from basic/fundamental research to translational work and population health.

Abstract Submission deadline: Nov 25, 2017

Conference Topics

- Global Health
- Cancer
- Chronic Diseases
- Biotechnology
- Bioinformatics

Questions or inquiries: beyondsciencesinitiative@gmail.com

We also invite 'BSI Hot Doc' submissions ... a 5 -15 minute video that either:

- illustrates the social and cultural contexts of your research or
- describes how your work embraces equity, social justice and community engagement
